

Through the IMA-Institute, the Interim Management Association (IMA) seeks to widen its doors and its power to influence, by allowing individual membership to interim managers.

The IMA-Institute aims to assure the market place of the highest quality service and professional standards

The IMA also runs the Interim Manager Induction Workshops and these will continue under the banner of the IMA-Institute.

## **Membership of the IMA**

There are two classes of membership; Full and Associate. Full membership is available to experienced interim managers who can demonstrate a good track record of business management and interim assignments, whilst Associate membership is suitable for those just starting out on a career as an interim and who can demonstrate senior management skills.

Both classes of membership allow the use of the IMA-Institute logo on headed paper and business cards, and also the use of MIMA (Member of the Interim Management Association) after the individual's name

You can check the full criteria of membership here: <http://www.ima-institute.com/membership.php>
